

(IV) Environmental Evaluation

In order to identify potential environmental impacts associated with this project, Caltrans has prepared the following technical studies:

- Community Impact Assessment
- Noise & Air Quality Report
- Historic Architectural Survey Report
- Natural Environment Study
- Hazardous Waste Evaluation
- Visual Quality/Scenic Resource Assessment
- Draft Relocation Impact Report

These studies are available for review at:
Caltrans North Region, Office of Environmental Management, 703 B Street,
Marysville, CA 95901.

Please contact Jean L. Baker at (530) 741-4498 or Gwyn Caryl at (530) 741-4139
